COFC LOGISTICS ANNOUNCES EXPANSION OF INTERMODAL FLEET

Toledo, OH – March 2, 2015 – COFC Logistics, LLC (www.cofclogistics.com) announced the addition of 300 - 53' double-stack containers to their fleet bring the total number of containers in service to 775. COFC will be adding approximately 100 containers per month in the Los Angeles market beginning in March. This expansion will allow IMCs, 3PLs, brokers and freight forwarders increased access to COFC's double-stack service on the BNSF Railway network. COFC's service within the United States and Mexico allows intermediaries the opportunity to move freight transactionally, locked in rates (SPQ's) and the option of securing capacity on a long-term basis.
